PLANTS SENT BY FREIGHT are entirely at purchaser's risk. We will not be responsible for any loss or damage.

Guarantee

We guarantee all Plants, Bulbs and Seeds that we send out to be true to name, and to reach purchaser in good condition when forwarded by express (freight shipments at purchaser's risk), and hold ourselves in readiness to replace all stock that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor; but it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall not in any case make us liable for a greater sum than that originally received for such stock that may prove untrue. Most failures with Plants, Bulbs and Seeds are due to soil conditions, unfavorable weather and other causes entirely beyond our control, rendering it impossible to guarantee success; and although we will take all possible care to send only such stock as will under proper conditions give satisfactory results, we do not, and should not be expected to guarantee stock to grow or

guarantee results in any way, and we cannot entertain complaints that are not made promptly after receipt of goods.

ERRORS AND COMPLAINTS

We exercise the utmost care in filling orders, striving to do a little more than we promise, yet in the press of business errors sometimes occur, and when orders are received that are in any way damaged, or not satisfactory, we wish to be promptly notified of the fact and will make such an adjustment of your claim as will be satisfactory. When you write us simply give the nature of your complaint, giving a list of the plants damaged and price paid for them and state whether you wish these items replaced or the amount refunded. It is nearly impossible to find time in the busy season to adjust your complaints promptly unless you give us all the information required to do so in your first letter.
